"VOICE OF THE GLADES"

VOLUME 40 - NUMBER 21

THURSDAY, MARCH 9, 1978

15 Cents per copy

RIDIN' THE RAILS wasn't the way Harry Fleischer intended to leave Belle Glade Tuesday afternoon, it's just what happened when the West Palm Beach man, shown talking to Belle Glade Patrolman Claude Cosby, had brake trouble on SR 80 near

Wedgworth Road. Fleischer left 31 feet of skid mark, but only from one tire, when he attempted to stop to avoid hitting a car turning in front of him. Cosby said the malfunction threw the car out of control, sending it atop the guard rail.

Wind blows WSWN fuse

BELLE GLADE—No tornadoes were officially reported during a nine-hour tornado watch Friday but there was enough damage to have fooled a few people in the area.

Probably the best known damage occurred when the roof was blown off the WSWN radio station's mobile home office and studio on SR 715, wrapping part of it around the station's 270-foot tower and knocking it off the air for the weekend.

Station manager Marvin Smith was the only person injured in the incident but transmitting equipment, office machines and thousands of records were damaged by rainwater pouring through the open roof.

Belle Glade contractor Roe Steel had a crew on the job Friday afternoon, however, and a new roof had been put on the mobile home by 10:30 p.m.

AM service had been restored by Monday morning and Advertising Director Phil Haire said it would be "a very, very temporary thing," before FM broadcasting resumes. He said the restoration of full service is dependent on engineers but it is expected to take less than two weeks.

In the meantime, staff members were drying off records and testing them to see if they are air quality and Georgia Tower employees were repairing damage done to the station's antenna tower.

A roof was also blown off a mechanic shed at the Agricultural Research and Education Center (AREC) east of Belle Glade on SR 80 but spokesman Don Wilson said it wasn't considered a severe loss because the roof was scheduled to be replaced in a year or two anyway.

"Australian pines did most of the damage," Wilson said. "We had about ten of them blown down across fencing and the fences are being repaired." He said a total of 15 to 20 trees of various kinds were blown down at the center and there was some other damage.

In South Bay, a tall sign advertising the Steak 'N Onion restaurant was blown down and a number of trees were reported down along Old US 27 west of South Bay.

Power was off throughout the

city and outlying areas for a little more than half an hour and trees and branches were blown down throughout the Glades, along with power lines.

The high winds, gusting at an

official 55 miles per hour but rated much higher by many people who experienced them, began blowing before daylight Friday, did somewhat later in the morning and became much more severe shortly after noon.

Portraits are available

Most subscriptions to the Belle Glade Herald and the Everglades Observer are due and payable during the month of April and this year, the newspapers are offering a bonus for those renewing or taking out new subscriptions.

For those who take advantage, a free 8x10 color portrait will be made and given to anybody renewing or subscribing.

The pictures will be made at a time convenient to the paper subscriber and can be of either whole families or individuals. There is no

obligation. You may simply take your free 8x10 or you may purchase reprints.

The pictures will be taken beginning in late March and continuing into April and the offer is for a limited time only.

Subscriptions for the year for the Herald are \$7.50 inside Palm Beach County and \$9 outside. Everglades Observer subscriptions are the same price. For further information, use the ad inside.

THE WINDBLOWN LOOK in Belle Glade Friday afternoon when a storm blew through town, raising the roof off the Mighty Ninety and slamming part of it against the tower.

But WSWN AM was already back on the air Monday morning as the staff dried records and attempted to bring order out of chaos.

By hitting the peg at the top

FmHA denial is fought

BELLE GLADE—Contacts were being made in Washington, D.C. and elsewhere this week in a concerted effort to reverse a Farmers Home Administration (FmHA) decision to refuse to fund a regional solid waste project in the Glades.

Palm Beach County Solid Waste Authority Director Tim Hunt told members of the project's Budget and Policy Advisory Committee (BPAC) Monday, he is also exploring alternative methods of funding the project, and even mentioned another possible method of disposal but the committee decided to concentrate efforts for the time being on "driving the peg by hitting it at the top."

Charles Anderson of Barker, Osha and Anderson, the engineers in charge of the project, told the committee members he will be in Washington today and Friday and he has made an appointment to talk to Dwight O. Calhoun, FmHA assistant administrator of community programs.

Calhoun was the person who signed the letter informing state and local FmHA officials the agency was refusing a request for special authorization, citing agency regulation prohibiting such loans without being secured by bonds pledging ad valorem taxes or mortgaging other facilities.

Anderson and Hunt also urged the representatives of South Bay, Belle Glade and Pahokee, as well as the county, who sit as members of the BPAC, to use any contacts they have.

The first such agency to act was the South Bay City Commission, which voted Tuesday night to draft letters to U.S. Senator Richard Stone and U.S. Congressman Paul Rogers, soliciting their support and help in getting a reversal in FmHA's decision.

Anderson stressed in his report to the committee that the project still has the backing of local FmHA officials and said the requirement for additional security isn't a federal law but an administrative policy.

"We have the total support of the local and state FmHA offices," Anderson said. "They want to fund us and they have the funds on hand

but they've done all they can do at the administrative level."

"I'm going to Washington Thursday," he said, "and I have an appointment Friday to talk to Mr. Calhoun. I think the best bet is to hit the peg from the top though and I would suggest we use any contacts any of us have."

He said Belle Glade City Manager Robert Sanders was giving him the name of a contact Sanders has in Washington and noted Belle Glade Mayor Tom Altman is corresponding with Sen. Stone's office already in a related matter.

County Commissioner Bill Bailey pointed out the county commission has tentative plans to turn over

all county landfills to the Solid Waste Authority on Oct. 1 and said it might be worthwhile to explore the possibility of using those for tie-in enforcement rights, one of the additional securities FmHA said it would be willing to consider.

Other possibilities mentioned was getting a Community Development grant for the project and Hunt even mentioned the possibility, if financing the project is too costly in the absence of federal or state help, of scrapping the plan and using a transfer point and haul solid waste to a landfill on the coast, although he said that would be one of the least preferable possibilities open.

Do you know this man?

Victim still unknown

SOUTH BAY—Palm Beach County Sheriff's deputies were still looking Tuesday for anyone who could identify a man found Monday, Feb. 27 floating in the North New River Canal 17 miles south of here.

Detective Robert Boxold said the unknown man died of a gunshot wound to the neck and was believed to have been killed Tuesday, Feb. 22 or Wednesday, Feb. 23. He was found the morning of Feb. 27 by Ronnie C. Jones, a security guard for Gulf and West.

Boxold said the victim was a white man between 5'4" and 5'6" in height, weighing 155-170 pounds and in his late 30s to late 40s in age. He had a short stocky build with arms shorter than aver-

age, black hair with flecks of gray, a receding hairline, eyes believed to be brown and was clean shaven. The detective said the hand was smooth and soft with longer nails than usual, particularly the right pinky. His ears appeared to be small and round with little or no lobes.

Boxold said the composite drawing shown was put together by Belle Glade Police Department artist Ron Shunk.

Anyone with any information on a subject of this description is requested to contact the Palm Beach County Sheriff's Office in the Glades Office Building and ask for Detective Robert Boxold or Det. Sgt. J. Anderson, or by calling the detectives at 596-4141 or 537-2735.

Southern Bell moving

BELLE GLADE—Southern Bell has outgrown its old offices and is in the process of building, enlarging, and renovating the old structures at 108 S.W. Avenue C.

Bob White, local group manager, said the new building will bring the entire local service under one roof, moving it away from the present business offices of First Street.

The new building will add over 7,000 square feet of space in its two-story addition along with the present equipment building, which will undergo transformation and a facelift on Avenue C.

Construction, said White, is expected to be completed by October 24 of this year.

The new offices will include space for teller's operations, a

Phone Center Store, a new man-

ager's office, improved and enlarged records offices, and a new public office, he said.

Baker and Associates of Pompano Beach is the architect while Overland Construction Company of West Palm Beach is the prime contractor.

At the present time, the foundation and flooring is being laid, said White.

"The new building will allow our business office personnel to serve our Glades customers in a better manner with the new teller's operations, PhoneCenter Store, and other office space," said White.

He noted the present offices on First Street are under lease and he does not know what they will be used for once Southern Bell moves to the new complex.

THIS IS WHAT SOUTHERN BELL'S new offices on Avenue C in Belle Glade will look like once construction is completed in October. The building will combine all Southern Bell's services under one roof, including Phone Center Store, teller's windows, storage, offices and electronic switching.

We appreciate our subscribers... and we're gonna prove it to you. Most subscribers for both the Belle Glade Herald and the Everglades Observer are due April 1 and for each renewal or new subscription, you can receive free an 8x10 color portrait of you and your family.

There's an ad in this week's paper outlining the details and providing a coupon for those who wish to take advantage of the offer. We've checked out the company that is doing the work thoroughly and they provide quality work and set up convenient appointments for the picture taking.

In about three weeks, those whose pictures they have taken will be contacted and asked to come down and select their free 8x10. There will be several different poses to select from. If all you want is the 8x10, then it's yours and you are under absolutely no obligation to purchase reprints.

If you do wish to have reprints made, this company's prices are in line with any other we've seen and we are impressed with the quality of their work.

It's a bonus for subscribers who are renewing...just something to show we appreciate your patronage over the years. It's also a bonus for those who are taking out subscriptions to either the Herald or the Observer for the first time. They'll not only keep informed about what's going on in Belle Glade, South Bay and Pahokee, but they'll get a free 8x10.

The pictures themselves will be taken in the Herald office in Belle Glade and the Observer office in Pahokee.

We hope you will take advantage of this offer.

Am proud to see so many folks realizing the need for a search and rescue organization that is easily coordinated and planned out ahead of time for Lake Okechobee.

Groups in Pahokee, Belle Glade and Clewiston, such as the Coast Guard Auxiliary, Bassmasters, and Glades Airboaters, are working on plans that could result in massive, coordinated searches within minutes of a report of an overdue boater.

Nobody knows the lake better than those who go out on it all the time and these guys know every nook and cranny. They also have the specialized equipment needed to make a thorough search for a missing boater.

It's a step in the right direction. And if the plans are fulfilled, no doubt lives will be saved because of advanced planning and coordination.

Many have been called on in the past to help look for somebody who is overdue or missing. But in most cases, the searches have overlapped because of lack of communication and coordination. If these groups can get together and plan ahead, assisted by the Sheriff's office and other officials, the chances are good people can be found quickly and with much less trouble than in the past.

And that's good. It may be you or me stuck out there with a broken-down engine next time.

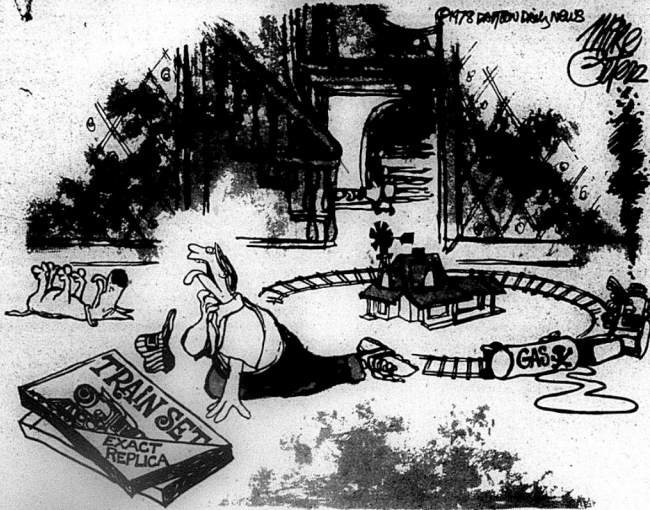

It's a good move...that is long overdue.

Opinion

Truckers gotta eat too

What had to be one of the most startling statements of support for the nation's farmers was issued last week when the International Brotherhood of Teamsters appealed to the White House and Congress to insure farmers receive decent prices for their products.

"We in the Teamsters," Teamster General President Frank E. Fitzsimmons said, "endorse the present efforts of

the nation's farmers to call attention to their plight. The work of the nation's farmers is basic to our well-being and they deserve a decent return for the service they perform for all of us.

"While we cannot violate our contractual obligations with employers by honoring farmers' picket lines," Fitzsimmons continued, "we do support their objectives and say it is time now that something be done to help them."

Of course there is a definite need for some kind of action to ensure a decent return by farmers, especially in a time when costs of everything from labor to seed to equipment and gas and oil are pushing the farmer from one direction while cheap foreign imports, especially from Mexico, are shoving him from another.

And everyone caught in that kind of a squeeze is willing to accept help, but it must be unselfish at the least that a group who's been organizing farm workers for the past several years, one of the factors in driving up the costs contributing to that squeeze, turns around and supports farmers.

But then Fitzsimmons may just be one of those rare intelligent persons who realize everybody has to eat and that's a habit which could be swiftly impaired when farmers start going under.

Strike stamps

Coal miners were threatened by the federal government, according to news stories this week, that if they stay on strike after being ordered back under the Taft-Hartley Act for an 80-day cooling off period, they just might have their food stamps taken away from them.

In other words, federal bureaucrats just might use one of the government's give-away programs to persuade violators of federal law they shouldn't continue breaking the law.

On the other hand, they might not.

Yes, it is scheduled for April first, and by the slightest coincidence,

see March of Dimes P9

Jessie Haynes

Anytime anyone mentions the 1977-78 Glades Central basketball team, the best ever, in the near future, one name that'll have to be mentioned will be Jessie Haynes.

On a team which managed to list four players who scored an average game in the double digits for the season, Haynes managed to stand out from the crowd, and that's an accomplishment.

He was consistently the high scorer for the team and was usually the high scorer for the game, managing to set six school records on his way to being named to the All Conference and All Area teams and possibly on his way to the All State team.

He set school records for the best single scoring game, highest career score, highest career game scoring average, highest season game scoring average, most free throws completed in one game and best field goal percentage of completion for one season.

As pointed out earlier, that was on a team which had the most balanced offense in Raider history and in a conference which could be the toughest in the state.

If Glades Central continues to produce basketball players of Haynes' caliber, the roundball game could replace football as the most popular spectator sport in the area.

Letter to the Editor

In step with the March of Dimes

Dear Dean:

I read with a tremendous amount of delight and amusement your recent article regarding the March of Dimes Walkathon this year. I have been keenly aware of your motivation and dedication to projects which directly affect the entire population of the Glades, but was somewhat taken aback by your hindsight regard volunteerism within your community. In this regard, I would like to take this opportunity to bring certain underlying factors which were not directly pointed out in "Cracker Crumbs."

First of all, there are no grounds for pleading insanity as regarding your volunteer spirit. This was a decision which had to be reached only by you, regardless of the coercive pressures by another individual who we shall not identify by name (but for the sake of this letter we shall identify him as "Gentleman Jim").

Secondly, you quite possibly could have been reeling from the slings and arrows of the day, or maybe even it was just the end-of-the-week (or is that "week 7") stupor. The least likely, and I am sure your closest friends will

agree, was the excuse that you just might, and I reiterate this point, that you just might have tasted one teeny-weeny glass too

THIRTY YEARS AGO

Ed and Jack Lutz have taken out a building permit for the erection of a 25x25 foot store room, at the corner of Lake Drive and the school house road, where the latter will establish a Soda Shop.

The Belle Glade Chamber of Commerce, at its annual meeting at the City Hall, Monday night, chose Henry O. Earwood, as president; Jack Johnson, vice-president; while Mrs. Virginia Roemer, the efficient secretary announced her retirement from that position, as soon as a successor can be secured to replace her.

The Chamber used a new method of voting this year, by the mail ballot plan. The nominating committee, with Howard L. Haney, as chairman, had sent out to each member a ballot containing 12 nominees from which to select four

directors to serve for three years. Seventy-five returns were received and the tabulating of the vote showed James Harris, Jack Johnson, W.P. Risk and Ivan VanHorn to be the high men, and they were declared elected. The directors still holding over were, Shelley Connel, L.E. Will, Thomas Bregger, Ted Daniels, Wm. Jeffries, and Henry O. Earwood.

March 7, 1958

Belle Glade High School's tournament activity was limited to a one-game tilt with Lake Worth which the Trojans won 49-45 Thursday, Feb. 27.

The Ram's Johnny Thomas notched another honor on his belt with an all-tourney team placement. Led by Thomas' 27 points, the Rams outscored the Trojans in the first two stanzas; but couldn't get enough. Thomas closed the net

session with a 26.6 tourney average including the Okechobee Invitational.

Herbert Beck, chairman of Belle Glade Memorial Hospital board announced the resignation of Donald D. Parke, hospital superintendent effective on or about April 1. Parke has held that post since June 14, 1951.

In a letter made public by Beck dated Feb. 28, Parke said, "I hereby tender my resignation as superintendent of Belle Glade Memorial Hospital and assistant secretary of the board to be effective on or about April 1, subject to accrued vacation time."

Parke stated in the letter that it had been a pleasure to work with the board and expressed his appreciation for the cooperation and assistance given him in the performance of his duties.

CRACKER CRUMBS

BY DEAN JONES

Dale Stapp spoke just a mile too soon when he was blown through the Herald's front door by a gust of wind Friday and allowed as how things were getting along all right "so far."

Dale said he was just glad at that time, a little after noon, his Florida Power & Light (yeah, I know, I've heard 'em called Florida Fucker & Flambeau too) crews were keeping the lights on despite the high winds that had been rocking my house trailer when I woke up about daylight and hadn't died down too much since then.

Then again, that was while we were still having what was being called high winds and before what was later described as a storm by some people, tornado by some other people and "Gosh, did you see that?" by still others around the Glades.

Got that? Well, hair-raising there for awhile, didn't it? Matter of fact, over at the Mighty Ninety, it was roof-raising. I didn't have a chance to talk to Simon Train but from what I understand, those zephyrs were whistling through the cracks of WSWN's trailer-office cum studio like one of his commercials.

But that was before the big crack appeared, 12 feet wide and the length of the top of the trailer. After that, it must've been like being caught down inside a big ole jug some Bluegrass band member was playing.

Cmon, Simon. I thought you were happy just announcing the Bluegrass festivals. You didn't have to form your own jug band, didja?

Talk about blowing hard, though, there was quite a bit of that going on at the end of the city's road rallye Sunday afternoon.

I guess everybody takes more than a little delight in seeing "the experts" reduced to mortal clay and Alveda Gill seemed to be taking more than her share...might've even been called a perverse amount of delight, with she was needing her boss because she and her partner had edged out a three-person crew composed of Bob Sanders and Craig and Brunilde Butters.

Tab, by the way, wanted me to be sure and mention Brunilde was a key part of the crew. Not only was she the assistant navigator, she had the all-important task of passing the beer.

Anyway, Bob brought the sport, if it can be called that, to the city and everybody just assumed, when he announced he was running in this one instead of running it, that he was gonna just tromp all over the competition.

Well, he did place...but only because Frank Mayfield, who took over the duties of rallye master so Bob could do his thing, decided to put up five smaller trophies instead of three big ones.

Bob took it like the true sportsman he is, though. Stopped himself short after he'd just kicked two dogs and a cat, and was unlucky enough to get in his way (anywhere close enough to he could've run 'em down, so I heard later), overturned three tables out at the country club, cursed out his teammates, threatened to fire every city employee unlucky enough to be working on the rallye and put the bad mouth on a faulty speedometer and stop watch that ruined his timing in an otherwise perfectly run course.

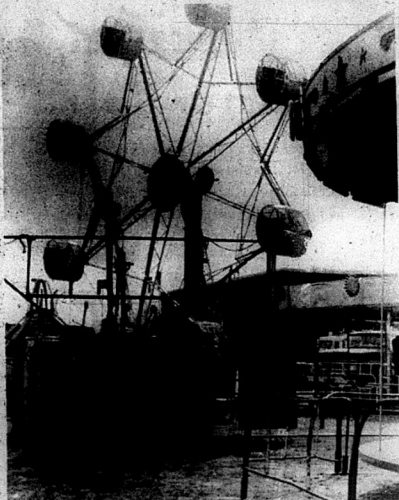

And I want to make it perfectly clear, despite rumors to the contrary, he did not at any time throw roofing tacks in his wake or put oil on the pavement at Dead Man's Curve to throw off anyone following him.

I thought he took his fifth place with amazing aplomb, even if he was cursing his luck Monday for coming in behind two cars he gave directions to at one time in the rallye...especially since he was pointing them away from the true route.

Bob and Frank were right, though, when they commented just before the first rallye in November, that this is a great way to destroy a friendship.

Matter of fact, I understand there are already three lawsuits pending against the city for alienation of affection. There was even one brother-and-sister team I know of who were at each other's throats before they started.

But, as pointed out by the man from Riviera Beach who came over to join in the fun, it did seem like a good way to spend a Sunday afternoon.

IT'S CARNIVAL TIME. This is one of the many rides at the carnival which started Tuesday and runs through Sunday. The carnival is sponsored by the Kiwanis Club of the Glades, one of its first fund-raising activities since the new local club was formed.

Local residents invited to Bob Shevin barbeque

Lake Drive-In Theatre

Cyclist injured in accident

PAHOKEE—Michael Lynn Weaver, 19, of Canal Point suffered a fractured collar bone, whiplash and contusions as the result of a motorcycle accident Saturday at the intersection of State Road 15 and Ridge Road.

Weaver's Yamaha motorcycle was totaled following the 2:21 p.m. accident. Pahokee Patrolman Danny Adams said the motorcycle was traveling east on Ridge Rd. when a vehicle driven by Margaret Pope, 86, also of Canal Point, was traveling South on S.R. 15.

According to Patrolman Adams, Weaver was having trouble with his motorcycle and was unable to stop. Violating the right-of-way of Mrs. Pope, the motorcycle was struck on the left side with the car's left front fender, Adams said.

First aid was administered by EMT Phelix Slonaker and Weaver was taken to Everglades Memorial Hospital by Pahokee Ambulance Services. Immediate injury was to the left thigh.

CHARLES McMANUS (center), guest speaker at the Kiwanis Club of the Glades, receives a certificate of appreciation from Tom Bonavia (left) and Leonard Case. McManus spoke to the local members on community involvement.

Thurs., Mar. 1, 1978, HERALD-OBSERVER-3A

Kiwanis Club is told involvement is the key

BELLE GLADE—According to Charles McManus, president of the Southside Kiwanis Club of West Palm Beach, involvement in the community is the key factor to having a successful service club.

"Personal involvement is most important," McManus said.

McManus spoke to the local Kiwanians at their weekly meeting last Wednesday, and inducted two new members into the local club, Joseph Hughes, and Wayne Prescott.

He made several suggestions for

Flotilla 55 sets boat inspections

BELLE GLADE—U.S. Coast Guard Auxiliary Flotilla 55 will have a courtesy motorboat examination from 10 a.m. to 4 p.m. Saturday, at J-Mark Fish Camp and Slim's Fish Camp, according to Public Relations Officer H. A. Beeks.

Beeks said the Flotilla's Feb. 27 meeting drew representation from a number of local organizations, including Coast Guard Commander L.L. Clausner, Robert Allen Jr. of the Lake Okechobee Bass Masters Club, Steve Wilkinson of the Glades Air Boat Association, Lt. George Farnall of the Belle Glade Police Department and Phil Myers who joined the Auxiliary.

fund-raising projects that have been successful in the Southside club, such as eye-glasses being collected and donated to the Lion's Club and also to Eyes for the Needy, and American stamps packaged and sent aboard to help support an orphanage in Europe.

McManus also suggested an anti-crime poster contest, which is this year's goal as Kiwanians and a monthly recognition of a law enforcement officer or local teacher in the area.

"I get an awful lot out of Kiwanis, its enjoyment to me," he said.

President of the local club, Thomas Bonavia, announced at the meeting last week that Steve Towle, middle linebacker of the Miami Dolphins, would be the guest speaker at the Kiwanis Club of the Glades, on Wed., March 15 and invites all local members and their guests to attend.

Six students of FAU graduates

BELLE GLADE—Six Belle Glade students are candidates for degrees at Florida Atlantic University at the end of the current winter quarter.

Patricia E. Brown will receive a masters degree in education. Earning bachelor degrees will be Robert Alvarez in business administration and in education. Cynthia V. McKee, Willie A. Poole, Mae G. Unwin and Mattie P. Willis.

Most catches came before the storm

By Nan Corbin
BELLE GLADE—Most of the catches reported during last week came in before the storm on Friday, which left the lake very muddy.

Glenn Cole of Ellenville, Mo. took a 10-pounder on Sunday. Evalyn Watson of Fort Lauderdale used shiners on Monday to take several small bass with her largest going 3½ pounds.

Bill, Mike and Randy Salisbury of Pompano Beach and Kenny Hill of Centralia, Ill. used black plum Hummer Hawk worms on Tuesday, Wednesday and Thursday to take approximately 60 bass with their largest going 8¾ pounds.

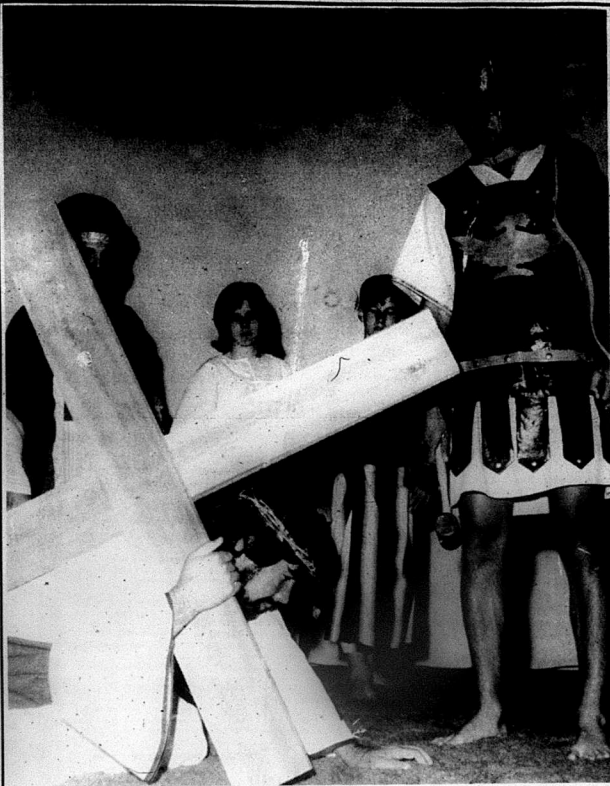

Michael Roberts of Cincinnati, Ohio and Bo Austin of Lake Harbor brought in their limit of 20 bass on Tuesday.

Rick Bradford of Belle Glade used live bait on Wednesday to take his 8½ pounder.

Methodists practice for cantata

BELLE GLADE—An Easter cantata, named, "Jesus Is Lord," depicting the final days of Christ on earth, will be presented at 7:30 p.m., Thursday, March 16 at Community United Methodist Church in Belle Glade.

The cantata is being produced by a cast and choir of 60 voices

from the First United Methodist Church of Clewiston, assisted by members of other churches around Lake Okeechobee and the Belle Glade presentation will be only one of three; the other two taking place March 18 at the Christian Retreat in Bradenton and March 23-24 in the Clewiston church.

The "Jesus Is Lord" production is comprised of five different scenes, starting with Jesus the Teacher, the Last Supper, Gethsemane, the Crucifixion and the Resurrection. Music moves from classical to contemporary to the traditional religious.

On the Firing Line With God

It seems to me that God has raised certain people to do certain things simply because he wanted to do something about the great needs in our world.

The Gospel tells us that "God so loved the world that He gave His Son..." Jesus said that He came "to seek and to save the lost," and that God had not sent Him into the world to condemn the world but "the world through Him might be saved."

Yes, God is in the saving business. He runs a salvage company called the Church. He redeems that which is of little value to the

world. By the world's standards someone may be hopeless, useless, helpless and a lost cause, or worse yet, he may just be ignored and forgotten. And the Lord uses those who have been through His spiritual recycling program, those whose broken pieces He has picked up and used to make a new vessel!

One of God's choice servants in our time and area is Mickey Evans, the founder of Dunklin Memorial Camp (located midway between Okeechobee and Indian town). The Camp has become a center for Christian conferences

By Dan Casselberry, Pastor
Canal Point
United Methodist Church

and retreats and seminars, as well as operating a spiritual program to help those whose lives are plagued with alcohol and drug abuse. The staff believes they have one of the longest and hardest rehabilitation programs in the state, and they can be proud of their success.

Evans, an ordained minister, takes a no-nonsense approach toward the treatment of alcoholics and drug addicts — not because they have serious and difficult problems but also because his own parents were both alcoholics. In the program at Dunklin, they do more than just deal with the symptoms. They endeavor to help people get to the roots of their problem.

They believe that God is in the saving business and they have gone into partnership with Him. But they have no cheap grace or easy road for someone in trouble. God's plan of redemption costs something. It cost his own dear Son. He gave His best and expects us to do the same.

Evans says their therapy is basically work. Work the body. Work the mind. Work the spirit. A lazy man is no glory to God and as Evans point out, he won't last at Dunklin Camp.

Roller Coaster Spirit

There are days when we feel on top of the world. Everybody loves us and shows it. Nice things are done for us. Sunshine and happiness drenches everything. And then there are other days — when we're blue; people are busy. We're alone. We're afraid.

It might as well be raining. Nobody knows the trouble we're in. Needed is a little self-discipline, not a lot of self-pity. We must learn to face the fact that life is not always a flowery bed of ease, and pleasure.

Children dodge hard places, responsibility, and painful experiences.

A mature person stands on his own two feet under God.

Time, insight, and the grace of God can remove mountains — and take away that roller coaster spirit.

Begin the road to spiritual maturity by attending church this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Coleman Adv. Ser.

This message is sponsored by these community minded businesses who remind you to attend the church of your choice.

Miss Parson honored with luncheon

BELLE GLADE—Miss Linda Parson, bride-elect of Al Grooms, was honored with a luncheon on her wedding day on Feb. 10.

The luncheon was given by Mrs. Barnes G. Smith, Mrs. Jeff Threlkeld, Mrs. Dennis Wedgworth and Miss Cindy Smith.

Each table was decorated with an arrangement of pink and white flowers and place cards for each guest.

Attending the luncheon were, Cindy Gummere; Mary Stephens; Mrs. Benny H. Parsons, mother of the bride; Mrs. Rex Parr, mother of the groom; Mrs. Edna Tryon and Mrs. Vesta Parson, grandmothers of the bride; Rebecca Parson, sister of the bride; and Mrs. Robert Mace.

MR. AND MRS. ANTHONY RHIED WHITE

Gummere-Todd plans are being announced

BELLE GLADE—Mr. and Mrs. Jerry V. Gummere, of Belle Glade, announced the engagement of their daughter, Cynthia Juanita, to Donald Lester Todd, son of Mr. Owen

G. Todd, of Belle Glade, and the late Patricia C. Todd.

Miss Gummere is a 1976 graduate of Glades Day School and is presently employed by Hilyer and Lee Enterprises, Inc.

The groom-elect is a 1975 graduate of Glades Central High School and is currently employed by Dwight Weyant and Associates of West Palm Beach.

The wedding will take place at 7 p.m. March 25, at the Belle Glade Alliance Church.

All friends and relatives are cordially invited to attend.

Beta Sigma Phi council meets

BELLE GLADE—Beta Sigma Phi City Council met at the home of Pat Angel, Feb. 28, with 10 members attending.

Subjects discussed at this meeting were supervising painting of signs at the entrance to Belle Glade before the 50th anniversary celebration, the Founders Day luncheon on April 29, the Waxy party on May 6, helping the A.R.C. children on Valentine's and asking for volunteers to help with the Gong Show scheduled for April 7.

The next meeting to be held at Kathy Lee's home.

Bake sale set

BELLE GLADE—The Association for Retarded Citizens Pre-School Advisory Committee will sponsor a bake sale Saturday in front of Royal's Department Store at Glades Plaza, beginning at 9 a.m.

Couple wed in Belle Glade

BELLE GLADE—Miss Rebecca Gail Gummere became the bride of Anthony Rhied White in a double ring ceremony on February 24 at 8 p.m. at the Community United Methodist Church, with the Rev. Guldmar Blair officiating.

The bride is the daughter of Mr. and Mrs. Jerry Gummere of Belle Glade.

The groom is the son of Mr. and Mrs. John E. White, also of Belle Glade.

The church was decorated with two large white bouquets on pedestals, candelabras, double pink and white bow marks the seats and a candle was placed in each window of the church. The altar was banked with area palms and an altar table with unity candles. Two stands of Boston fern on either side of the table completed the altar.

The soloist, Mrs. Pat Stedham, sang "The Wedding Song," "Whither Thou Goest," and "The Lord's Prayer," accompanied by the organist, Mrs. Karen Corbin.

Given in marriage by her father, the bride wore a Qiana gown, featuring an empire waistline with the bodice and cuffs overlaid with lace, and a long train accenting the dress. She wore a fingertip veil attached to a lace headpiece. She carried white silk roses with silk babies' breath, foliage and white ribbon streamers on a lace covered Bible.

Miss Cindy Gummere, sister of the bride, served as maid of honor. She wore a burgundy Qiana gown and carried a pink rose.

Miss Julie Gummere, sister of the bride, Miss Diane Miller, both of Belle Glade, and Mrs. Adele Kimbro of Lake Harbor served as bridesmaids. They wore pink Qiana dresses and carried a burgundy rose.

Miss Lora Beth Barker was the flower girl. She wore a dress identical to that of the maid of honor

and carried a white fireside basket with pink rose petals.

John E. White served as his son's best man. Johnny White of Clewiston, Vio Gummere, brother of the bride, and Donald Todd, both of Belle Glade, were groomsmen.

Casey Dyess was the ring bearer. He carried a white satin pillow. They all wore silk rose boutonnieres.

The bride's mother wore a Qiana gown of burgundy and pink. The groom's mother wore a full-length gown of apricot chiffon.

They both wore white silk carnations.

Following the ceremony, a reception was held at the home of Mr. and Mrs. Frank Miller. The cake table, which featured the 5-tier cake, with pink roses, standing cherubs and a center fountain surrounded by green vines, was decorated with a centerpiece of pink and white spring flowers and globe candelabras.

Assisting in serving were Miss Kim Shireman, Miss Anita Miller, Miss Tammy Miller, Mrs. Kathy Miller, Mrs. Frank Miller, Mrs. Nancy Moses and Miss Dianne Miller.

Ms. Linda Mims was in charge of the bride's book.

The bride chose a beige blouse and brown slacks with beige shoes as her traveling costume.

After a honeymoon in Kissim-

mee, the couple is now residing in Belle Glade.

The bride is a 1975 graduate of Glades Day School. She is also Past Worthy Advisor of the Order of Rainbow.

The groom is a 1967 graduate of Belle Glade High School and is a member of the Elks Club and the Lions Club.

Out-of-town guests were Mr. and Mrs. Warren Gummere and Mr. and Mrs. Johnny Gummere, all of West Palm Beach; Mr. and Mrs. Victor Gummere of Terre Haute, Indiana; Mr. and Mrs. Kenny Henderson of Lake Worth; and Mr. and Mrs. Jimmy Richardson of West Palm Beach.

Pharmacy Topics

by Dale Blodose

IVH—Intravenous hyperalimentation, giving patients all their required nutrients by vein—is saving the lives or vastly improving the health of many hospital patients. Previously, many suffered malnutrition on dextrose solution alone.

Many firms are offering a workplace program for "hypertensives"—setting up space and personnel to test employees for high blood pressure and provide medication, counseling, and checkups.

New birth-control pellet has been developed by a doctor at the Rockefeller University Population Council. So small it can be injected under the skin, it is absorbed by the body. It works for at least a year.

What makes Johnny mentally ill? It may be what he eats or inhales. Doctors are now finding that allergies may cause many symptoms thought to be psychiatric in origin.

Artificial elbow joint has been used successfully at a Boston hospital. Said to enable recipients to regain 90 to 98 percent of normal elbow function. Wonder what it does for a backhand?

If your joints and muscles need a little help before tennis or other sports, you'll find a wide selection of elastic supports at:

Mu Upsilon reports Feburary meetings

BELLE GLADE—Mu Upsilon met at the home of Marsha Oren on Feb. 7.

The meeting was led by Pres. Dorinda Shutts. Business was discussed, and plans for the month's social were finalized. Mrs. Oren presented a program on foods. Her program included slides of festive foods.

The meeting was adjourned. Special refreshments were provided by the sorority and Mrs. Oren to honor Mu Upsilon's Valentine

Sweetheart, Janet Marr. Mrs. Marr was presented with a rose in a bud vase.

Those present were Janet Marr, Dorinda Shutts, Sharon Courson, Carol Zumpf, Linda Parrish and hostess Marsha Oren.

On Feb. 21, Mu Upsilon met at Palm Beach Jr. College - Glades Campus, for a tour of the college. Dr. Conley was very gracious to take the ladies though the beautiful facility. Every one enjoyed the tour immensely.

After the tour had concluded, the meeting was moved to the home of Linda Parrish.

The meeting was called to order by Pres. Dorinda Shutts. A short business meeting followed. Committee reports were given, and members voted for their "Girl of the Year" to be revealed on March 11. The meeting was then adjourned.

Mrs. Parrish served refreshments to Davene Bailey, Carol Zumpf, Sharon Courson, Dorinda Shutts, Janet Marr and Marsha Oren.

On Feb. 11, Mu Upsilon held their "Love Lights" social at the home of the Paul Orens.

The home was decorated in a Valentine theme, with hearts and cupid, etc.

To add to the enjoyment of the evening, everyone played Bunko. This is always a lot of fun, and it keeps everyone hopping. Valentine prizes were given to the winners. The evening concluded with a delicious midnight buffet.

Those enjoying the evening were Larry and Sharon Courson, David and Elouise Calpepper, Larry and Linda Parrish, Mike and Janet Marr, Michael and Carol Zumpf, Franklin and Dorinda Shutts, and host and hostess Paul and Marsha Oren. Guests were Jerry and Dawn Smith.

GIRL OF THE YEAR, Mrs. Linda Ward (right), receives a silver relish tray from Mrs. Jane Evans (sponsor). Mrs. Ward is a member of Xi Zeta Mu and was chosen Girl of the Year on Saturday, March 4 at the Glades Restaurant in Clewiston.

Girl of the Year named for Xi Zeta Mu Sorority

BELLE GLADE—Xi Zeta Mu Chapter of Beta Sigma Phi gathered Saturday, March 4, in Clewiston at the Glades Restaurant to reveal their Girl of the Year.

Mrs. Jane Evans, sponsor, presented an engraved silver relish tray and Girl of the Year pin to Mrs. Linda Ward, who had been chosen by secret ballot by the chapter members. The group enjoyed a prime rib dinner with all the trimmings, which included baked

potato, English peas, tossed salad, homemade yeast rolls and cheesecake.

Members attending the event were Mr. and Mrs. Kenneth Lutz; Mr. and Mrs. Carl Gilliam; Mr. and Mrs. Grady Ross; Mr. and Mrs. James Chamblée; Mr. and Mrs. J.D. Lee III; Mr. and Mrs. Tom Swager; Mr. and Mrs. William Acree; Mr. and Mrs. Gene Enfinger; Mrs. Gordon Corbin; Mrs. Jane Evans and Mr. and Mrs. Ward.

Local Baptist plan to attend state convention

BELLE GLADE—Several members of the local Baptist churches will be participating in the 64th Annual Session of the Progressive Missionary and Educational Baptist State Convention of Florida March 21-26 in Lakeland.

Among the local Baptists taking part in the program are Mrs. Amelia E. Houston, president of the Senior Woman's Auxiliary; Mrs. Barbara W. Kight, the State president of the Junior Women's Auxiliary; the Rev. J.B. Adams, chairman of the State Education Board and member of the Orthodox Committee and the Rev. W.M. Davis, who will be the preacher for the Joint Educational Night Program, which will be presided over by Rev. Adams.

The session will be held at the Mount Zion Missionary Baptist Church and the Rev. C.H. Bolden is host pastor. Dr. James Carl

Sams of Jacksonville, general president of the convention, will preside over the entire session.

Thousands of members of the convention from all over the state are expected to attend the session, which will have "What is the Will of God for Life and How Can I Know it?" for the theme.

The convocation plans to place special emphasis in the ministries of churches in their local communities and their support of mission and education outreach.

Several top leaders will be principal speakers for the convocation.

Mrs. Houston will address the Senior Women at noon on Friday and Mrs. Kight will address the Junior Women's group at the same time.

The session will climax Sunday afternoon with a mass meeting.

CARD OF THANKS

MAY GOD BLESS YOU ALL

Our beloved wife and mom, Helen Spooner, has passed from us all. We will miss her unbearably. But in our sadness we want to extend our heartfelt thanks to three groups. We would like to thank the Palm Beach County Sheriff's Department for their professionalism during this trying time. Also, we thank the City of Belle Glades Police Department for their courtesy and thoughtfulness. And most importantly, we want the concerned friends of Helen who gave of their time, their love, and their compassion by helping us through these difficult days to know what a blessing their strength has been to us. May God watch over each of you as you have done for us, and He has done for us too.

NEW MEMBERS were welcomed into the Belle Glade Chamber of Commerce this week by Chamber President Dale Stapp (second from left). Picking up plaques, from left, were Betty Hill of Golden Glades Li-

quors, Tom Burns of Tuppen's and Jose Rodriguez of Rodriguez Service T.V. Repair. Another new member, Ag-Air, Inc., had no representative available.

Mocks hold family reunion

BELLE GLADE-The home of Mr. and Mrs. Bobby Steele in Belle Glade was recently the setting for a reunion of the cousins of the Mock family in Florida, all of whom are nieces, nephews and children of the late James Crawford Mock and Emma Gay Mock of Pahokee.

These families migrated to Florida from Miller County in Southwest Georgia in the 1920s and earlier.

The occasion was enjoyed by the following: Doc Mock and his daughter Mrs. Jolyne (Mock) Harris, of Homestead; Mr. and Mrs. Leon Spooner of Pahokee, Mr. and Mrs. Hub Spooner of Belle Glade; Mr. and Mrs. Rupert Mock, Mrs. Carolyn (Mock) Thompson of Pahokee; Mr. and Mrs. Eddie Schoepel (Iva Mock) of Belle Glade; Mr. and Mrs. Col Davis, Pahokee; Mr. and Mrs. Irene (Mock) Sheffield of West Palm Beach; Mr. and Mrs. George Houden (Annie Mock) of Lake

Worth; Mrs. Maude (Mock) Farber, Lake Worth; and Mrs. Minnie (Mock) Lamb of West Palm Beach. Grandchildren attending were Mr. and Mrs. Rupert (Bubba) Mock, Jr. and children - Lisa, Neena and Erica, Belle Glade; Mrs. Melissa (Schoepel) Kuesport, Belle Glade; Mr. and Mrs. David Larrimore, Pahokee; and

Mrs. Linda (Sheffield) Steele, hostess. The host, Bobby Steele had gone treasure hunting and was unable to attend. Many of this group are making tentative plans to attend the Community Sing at Flat Creek Baptist Church in Miller County, which is held annually on the third Sunday in July.

Profile In Business

Thurs., March 2, 1978. HERALD-OBSERVER-7A

Faith Sasser is the President of Paul's Parts & Equipment, Inc. in Pahokee and has had this position since 1963.

Paul's Parts handles all automotive parts and equipment, painting supplies and agricultural parts. They are an NAPA jobber-ship.

Faith has worked in all phases of the business. She started in the office, where she spent five years taking care of the books and all other office duties. From there she went to the counter, and her sister took over the books.

While on the counter, Faith did

inventory control and the other responsibilities that go along with that.

She is tremendously happy with her work. She says she really loves it, and it is always very exciting. The parts business is evidently a rapidly changing one.

As for the business in general, Faith says there had been a growing trend for 10 to 12 years, but due to the unstable economy, both local and national, the past couple of years haven't been as good. She feels they have been just "holding their own."

When asked about the main changes, she feels competition is number one. Because of the poor economy, people have become more price conscious. Before the recent recessions, she feels people felt service was more important, but now customers shop around more and look at prices.

Faith's primary aim is to keep a first class business. When asked how she maintains a good quality product while keeping the price down, she says they are very careful in their buying. They are continuously trying to "buy better." While having no contract on buying NAPA, they do buy from them mainly, so as to retain their good services. But she will shop around, so she can keep top quality products at a competitive price.

Faith was born and reared in Pahokee. She graduated from Pahokee High School and attended Stetson University, where she graduated in 1963, majoring in Marketing and Management.

Paul's Parts has been a family business since 1958. Faith always expressed an interest in the parts business, but felt she was too young to go into it directly out of college, so she went through Rich's Junior Executive Training Program for two years in Atlanta to gain experience for her present position.

When not working, Faith enjoys horses, field trailing, water skiing, hunting and other outdoor activities. She is a member of the

FAITH SASSER

Chamber of Commerce, of which she was president from 1973-74. She also is a member of the Community Action Migrant Program, where she works in the Alcohol Rehabilitation Division.

Faith is extremely active in the First United Methodist Church. She sings in the choir there and is a member of the Business and Professional Women's Club here in Pahokee.

Faith really enjoys living in Pahokee. She says the area has been really good to her family and that here the people support you. She says Pahokee is "just home to me."

Paul's Parts employs six people besides Faith. They are located at 212 North Barfield Highway; their hours are from 7:30 a.m. to 5:30 p.m. Monday through Friday and from 7:30 a.m. to 1 p.m. on Saturday. Visit them for good quality products at competitive prices while still getting hometown friendly service.

ANNOUNCEMENT

BELLE GLADE-East Lake Middle School will have an Open House and Parent Advisory Committee meeting March 15 at 7:30 p.m.

Everyone is invited to attend.

March of Dimes

Cont. from P2

our beloved friend "Gentleman Jim" may have been using more forethought than either of us had anticipated. Just possibly the term "April Fool's Day" had a deeper connotation than we perceived on the surface.

Regarding fits of madness which you refer to indirectly, these too could have quite easily been induced of that certain "Gentleman Jim." I sensed this immediately upon receiving your telephone call in the middle of the night. First of all, our "friend" was extremely elated at the prospect of the two of us suffering the labors of providing the necessary "foot power" for our April Fool's venture through the beautiful countryside from Belle Glade to Pahokee and back.

However, our "friend" certainly made it a point to immediately deliver the telephone receiver to you, and allow you the courtesy of revealing a scheme which I am sure only he could have conceived.

In reference to your statement regarding my having never walked in a March of Dimes Walkathon, there must be some clarification. No, I have not taken part in a Walkathon during the past 12 months, but I do stand on my record of having completed nine of those 20-mile beasts during the past 2 1/2 years.

Once again we return to our discussion on sanity. Your column stated "Word I have, though, is that Bo is at least sane enough to be mulling over ways he can gracefully get out of the whole thing." Well, I must admit that I have had second, third, fourth and fifth thoughts about the matter, but in the end I must agree with you that there were certainly "outside" forces involved in this decision (namely, our constant shadow, "Gentleman Jim"). There is no way that I will back out of this venture as long as I have full assurance of your presence on that day.

I do feel there should be a more in-depth study made of the so-called "commitment" on my part to allow you a five-mile head start. I have reviewed all elements of this matter, and nowhere in my

contract does it state that any advantages should be bestowed upon either party involved. There is a very wise old saying which makes reference to people who might weigh just a little bit more than their next-door neighbor which reflects upon "the hapless" that individual is. Well, I will consider it to be entirely my pleasure to walk 20 miles with a very happy man.

My sincerest congratulations to Cathy Conerly for her coordination of pledges this year. However, I do feel that for 40 cents is just a little bit low for either of us to undertake (and I use that word very cautiously) this venture. This quite possibly could reflect upon our friend's in Clewiston's confidence in either of our endurance. Goofy, 40 cents won't even buy a can of Benzie-Weenies any more. I know people have accused both of us of being cheap, but this is ridiculous. As you pointed out, 40 cents won't even buy the bullets to put us out of our misery, but there is one consolation - there is not a glue factory within hundreds of miles (I hope). (Lest you misunderstand, Bo, that penny a mile was for Cathy and myself. You're gonna have to scrounge your own pencils. The Grumb.)

Your "final straw" was that "Gentleman Jim" had made several remarks which he deemed quite humorous concerning new blood on SR 715. Well, we just might surprise a lot of people in this year's Walkathon. But just in case, I do take 2¢-positive, and my return address has been tattooed on the sole of my left foot.

In conclusion, I would ask just one question: Where will "Gentleman Jim" be during the entire encounter? Yes, encounter, and it may be the foundation for a new movie. "Encounters of the Fourth and Fifth Kinds." He seems to be taking all of this very lightly, and has refused to discuss on numerous occasions the possibility of his becoming a "third party." This will be the sixth year that "Gentleman Jim" has been in charge of the Belle Glade portion of the Walkathon, but has anyone ever seen him actually walking?

Throughout the annals of history, it is documented that behind every successful and "fun-loving" man, there is a woman. In this case, I refer to Jennie Huggins. We all know that she is the real coordinator, and Jim "does as he is told." I have the utmost regard for Jennie, and know that if the occasion prevailed, she could very easily assume those rugged duties which our friend feels only he has the capacity to oversee. I ask again, "Where will 'Gentleman Jim' be on April first?" Will he once again arrive at the registration point in his neatly pressed slacks, nice white shirt, newly shined shoes, and recently acquired John Deere hat? And by some strange coincidence, he looks the same way late in the afternoon long after the last walker has completed the route and returned home. Now, can his duties during the day be so grueling that there could never be anyone who could possibly take his place on April 1, 1978? Of course, I would be the last one on earth to even "suggest" that he take part in our Walkathon, but it is just food for thought (and boy are we hungry at this point).

I look forward to walking with this year in the March of Dimes Walkathon, for I know that at least two of us "tried." I might offer one bit of advice: Do not plan on wearing neatly pressed slacks, nice white shirt, newly shined shoes, and recently acquired John Deere hat. We certainly do not want anyone to think that "You Know Who" was actually walking with the hundreds of faithful on April first.

Sincerely,
Bo Stine
Executive Director
Palm Beach County Chapter
The National Foundation

EDITOR'S NOTE: I have, goes the anguished cry, been had! No body told me about those nine other Walkathons you completed, Bo. So much for the "I'll do it Yourself With Softies" strategy. Will villainous treachery and misrepresentation never end?...Cracker Crumb

RALLYE WINNERS in Belle Glade's Spring SOP Road Rallye were, from left, Rusty Parton of Lake Park and Robyn Collins of Jupiter in first place, Wayne Boynton and Susan Weaver in second place, Cathy Conerly in

third place, Aleda Gill and Susan Crosby in fourth place and a triple combination of Robert Sanders, Brumilde and Craig Butters in fifth place.

Rally goes international

BELLE GLADE-City Recreation-1 Coordinator Frank Mayfield wound up trying to put a troubled bridge over calm water Sunday in what had turned into Belle Glade's first international navigational road rally.

An out-of-town couple won the Spring SOP Road Rallye but advance billing drew attention from several outlying areas, including three cars from Clewiston, and from West Palm Beach and still another from Riviera Beach, which included crew members from Wales.

Mr. and Mrs. C.L. Thomas said they'd read about the rally in a newspaper and thought it would be a good way to spend a leisurely Sunday, so when they drove over from their Riviera Beach home, they brought along their house guests, Harry and Phyllis John of Wales. They didn't place among the top five winners but said they'd enjoyed themselves in their first road rally.

Rusty Parton of Lake Park and his navigator, Robyn Collins of Jupiter, said they had never driven in a rally either but they wound up with only five minutes and 28 seconds penalty time, enough to easily win first place.

"I was working on the alarm system in the city hall," Parton, an employee of Security Central, Inc., said, "when I found out about the rally. It sounded like fun so we decided to come on out and try it."

And while Parton and his date were finding their way around the course, stretching from Pahokee to Lake Harbor, in considerably less time than most of the Glades residents, several of those residents were becoming hopelessly confused about where they were supposed to be.

The idea of the rally was to complete the 100-mile course in the time it would theoretically take, using the speeds in the instructions.

That, unfortunately, wasn't as easy as it sounds and approximately half the teams who completed the course were protesting Mayfield's definition of when is a bridge a bridge.

At one point on the second leg, the teams were expected to turn right immediately after crossing a bridge in Lake Harbor but a good number of those teams argued the bridge where they were supposed to turn isn't a bridge at all.

The result was mass confusion with one car taking 48 minutes more than the 41 allotted in that leg. Another crew found themselves in Clewiston...twice.

But nobody, and certainly not the winners, argued too much when Mayfield went into a huddle with the checkpoint captains and

decided to throw out the protests. After it was all over, Mayfield said he is considering another rally in June, possibly an overnighter to Orlando and City Manager Robert Sanders invited anyone who first to take over for Mayfield and hold the job of rallymaster in the next event.

McGraw to speak

BELLE GLADE-A layman's revival is being held each evening, beginning Wednesday, March 8, and lasting through March 16, at 7:30 each evening at the Church of God of Belle Glade, featuring Evangelist T.W. McGraw, "Layman of Faith."

IN THE CIRCUIT COURT FOR PALM BEACH COUNTY, FLORIDA
PROBATE DIVISION
File Number 78-124 CP-06

IN RE: ESTATE OF SHELLY POUNCEY
DECEASED

NOTICE OF ADMINISTRATION
TO ALL PERSONS HAVING CLAIMS OR DEMANDS AGAINST THE ABOVE ESTATE AND ALL OTHER PERSONS INTERESTED IN THE ESTATE:
YOU ARE HEREBY NOTIFIED that the administration of the estate of Shelly Pouncey, deceased, File Number 78-124 CP-06, is pending in the Circuit Court for Palm Beach County, Florida, Probate Division, which is 300 North Dixie Highway, West Palm Beach, Florida, Zip Code 33401. The personal representative of the estate is Temple L. Pouncey whose address is 301 S.W. 10th Street, Belle Glade, Florida 33430. The name and address of the personal representative's attorney is set forth below.

All persons having claims or demands against the estate are required, WITHIN THREE MONTHS FROM THE DATE OF THE FIRST PUBLICATION OF THIS NOTICE, to file with the clerk of the above court a written statement of any claim or demand they may have. Each claim must be in writing and must indicate the basis for the claim, the name and address of the creditor or his agent or attorney, and the amount claimed. If the claim is not yet due, the date when it becomes due shall be stated. If the claim is contingent or unliquidated, the nature of the uncertainty shall be stated. If the claim is for a personal injury, the security shall be described. The claimant shall deliver sufficient copies of the claim to the clerk to enable the clerk to mail one copy to each personal representative.

All persons interested in the estate to whom a copy of this Notice of Administration has been mailed are required, WITHIN THREE MONTHS FROM THE DATE OF THE FIRST PUBLICATION OF THIS NOTICE, to file any objections they may have that challenges the validity of the personal representative, or the venue or jurisdiction of the court.

ALL CLAIMS, DEMANDS, AND OBJECTIONS NOT SO FILED WILL BE FOREVER BARRED.

Date of the first publication of this Notice of Administration: March 9, 1978.

Water project funding begins

SOUTH BAY-The City Commission approved a resolution Tuesday night, which sets the financial wheels in motion to begin a \$1.6 million expansion project on the city's water system.

The resolution authorizes Mayor Billy Wells and City Clerk Virginia Walker to float a loan from First Marine Bank of the Palm Beaches in the amount of \$1.6 million, which will be paid back by Farmer's Administration with a \$750,000 loan and a \$850,000 grant by the federal agency.

The money will be spent on two phases of work, one which will expand the distribution system and the other to build a one-million-gallon ground water storage facility.

The project, along with another project in the works at the city's water treatment plant, is expected to double the city's water supply.

In other business, the commission:

- Decided to draft letters to Congressmen Paul Rogers and U.S. Sen. Richard Stone asking for help to reverse a Farmer's Home Administration decision to deny an application for a regional solid waste disposal facility.

The facility was denied by FHMA on grounds insufficient collateral was offered by the Palm Beach County Solid Waste Authority and City Commissioner Don Tanner, who represents South Bay on the facility Budget and Policy Advisory Committee, said.

Authority Director Tim Hunt is asking the cities and county to write the two congressmen for help in overturning the administrative decision.

Decided to advertise its desire to sell the old city hall and police station at 210 Palm Beach Rd. The city departments finished moving into the new city hall last week at 335 S.W. Second St. and the city hopes to improve its financial situation with the sale of the old city hall and grounds.

Donated \$500 to help send the safety patrol of Christian Day School on a tour of Washington, D.C. and voted to limit all such donations to that amount this year.

The school had asked the city to repeat its \$500 donation this year but the city commissioners have only budgeted a total of \$800 for donations this year.

Blood bank needs supply of donors

BELLE GLADE—The Belle Glade branch of the Palm Beach Blood Bank at Glades General Hospital, 1201 South Main Street will be open from noon until 8 p.m. as of Tuesday, March 14.

Margie Brown, R.N., will be in charge of the blood bank at the hospital assisted by Mrs. Eleanor Awbery, receptionist.

"Most of us never realize how vital blood is until there is a personal or family emergency," Mrs. Brown said. "Then our lives may depend on it."

Mrs. Brown said human blood lasts only 21 days and therefore the blood bank needs donors on a daily basis in order to keep supplies at the hospital safe and usable.

Blood is a living human organism," she said. "We cannot stockpile it as it would be wasted. So we need people to visit the blood bank once or twice a year on a regular basis."

The blood donated at the Belle Glade branch is sent to the Palm Beach Blood Bank laboratory in West Palm Beach for testing and typing. The blood is then returned

to Glades General Hospital in the quantities and types called for by the hospital laboratory.

Under the umbrella of the Palm Beach Blood Bank, the hospital is assured that blood or components such as plasma, platelets, red cells, will be available in whatever quantity needed and in any emergency 24 hours a day.

In a life-or-death situation, the Palm Beach Blood Bank can call upon the Palm Beach Sheriff's Department.

Blood can be rushed from the West Palm Beach laboratory to the roof-top of Good Samaritan Hospital where it is flown by helicopter to Glades General immediately to save a life.

New bumper stickers are available at the Glades blood bank. Red and white stickers urge others to "Meet Margie At the Blood Bank!"

Non-donors are invited to make a tour of the blood bank any Tuesday between noon and 8 p.m. Mrs. Brown and Mrs. Awbery will be delighted to explain their life-saving work and how the blood bank serves the community as well as offer light refreshments.

Margie Brown

Softball season officially underway

Belle Glade—Softball season officially got underway for Glades Day girl's team Tuesday when they met Kings Academy at Kings and the season is looking bright for the two-time district champions.

Captain Mandy Perez said he had eight returning.

Coach Perez said he had eight returning from last year's team, which won both the district and the region before being defeated by St. Petersburg Northwest in the sectionals.

He expects to start Lisa Smith, Donya Adams, who are co-captains and seniors, and two seventh

Miller tells of levee construction

BELLE GLADE—Nigel Miller, chief of construction of the Army Corps of Engineer in Clewiston, told the Glades Historical Society about the construction of the Herbert Hoover Dike and other projects Thursday night at the regular meeting.

He briefly reviewed the history of drainage of the Everglades, noting Hamilton Diston began work first in 1881 with work in the Caloosahatchee River.

The Everglades Drainage District was formed in 1907 and by 1927, had dug a system of canals that were doing some of the work of drainage.

But these weren't enough and the hurricanes of 1926 and 1928 proved the need for a strong dike around Lake Okeechobee.

Herbert Hoover, running for president, visited the Everglades and after being elected, shoved through legislation that would allow for the dike's construction. It began with funds being allocated in 1930 and a 1,000 foot test dike being built.

The actual building of the dike started at the Miami Canal and ran westward to Clewiston and shortly afterward, work was begun to the

east. Today, the dike encompasses the lake and holds water in and prevents it from flooding nearby municipalities and agricultural land.

Miller also spoke at length of the improvements in the Caloosahatchee River and the system of locks and gates that control the water's flow through it.

He noted the first lock in the Glades was built in 1921 on that river and since then, complete systems are available to ferry the approximately 6,000 boats yearly using the Cross-Florida Waterway.

Gator baseball season is starting

Belle Glade—With a beefed-up pitching staff and a 24-man team this year, Glades Day baseball coach Tom King is hopeful for improving a break-even 10-10 season record over last year.

The Gator baseball team plays its first game of the brand new season Friday when they meet Moore Haven.

King said Tommy Duda will start against the "Terriers" at pitcher, but on Saturday when the Gators meet Boca Raton, he'll start Mark Foster and next Tuesday against Baren, Sammy Duda will start as hurler.

Those three, backed up by Bernie Fernandez and Jason Shelton, complete the Gator pitching

stable. Last year, the Gators could field only two pitchers, and very little relief was in sight for either.

Also starting for the Gators will be the following lineup: Steve Richie, catcher; Kenny Buckner, first base; Quisque Echave, second base; Jose Camo, shortstop; Howard Ayers, third base; Elmer Miller, left field; Dick Crockett, center field; and Pedro Rodriguez, right field.

Others on the team include Pedro Rodriguez, Billy Sanchez, Nacho Bueno, Mike Stevens, Tommy Swager, George Mills, Jesus Ramos, Jerry Herick, Richard Schiele, Tommy Guerrero, Miguel Perales, and Benton Tyson.

PAHOKEE HIGH ATHLETES and their coaches who made the Post All-area teams are, left to right, wrestling coach Bill Allen, first team wrestler Joe Miller, girl's basket-

ball coach Ms. Gwen Davis, third team girl's basketball player Patsy Lee, first team boy's basketball player Joe Brown and head basketball coach Eddie Rhodes. Staff Photo

Blue Devils listed on Post All-Area teams

PAHOKEE—Joe Brown, Joe Miller and Patsy Lee all have something in common besides being students at Pahokee High School. Each excelled in a high school sport and were noted for it by being named to the Post All-area teams. Brown made the first team in boys' basketball, Miller made the first team in wrestling and Miss Lee made the third team in girl's basketball. The area includes Palm Beach, Broward, Martin and St. Lucie Counties.

Brown came up with the second highest number of votes, second only to North Shore's Darryl Mitchell who has constantly been in the spotlight this year. Pahokee High Head Basketball Coach Eddie Rhodes said his sharp shooter averaged 25.2 points, seven assists and four rebounds per game. "Most coaches say he (Brown) is

one of the best long-range shooters around," Rhodes noted. Named to the Post first-team football selection as a defensive back, Brown has signed a national letter of intent with Big Eight contender Iowa State. "He was highly sought after for football and basketball," Coach Rhodes said, but the 6' senior chose football as his college sport. Nevertheless, "we're still getting calls about him for basketball," said Rhodes.

Miller is the exceller in wrestling, having six pins, 21 wins and two losses in the 159 lb. class of this season's competition. But that's not all and he's not through yet.

He won the Palm Beach County Christmas tournament in his class, won the District, was second in the Suncoast West Conference and won first place in the regional.

He is presently participating in the statewide AAU competition. He placed fourth in the Senior's AAU state championship, which was held at Punta Gorda and travels to Sarasota this weekend for the Junior Olympics. "He is a junior so will be back next year to continue his strong hold in wrestling."

Miss Lee, only a sophomore, made the third team for all-area girl's basketball with a team record of five wins and three losses. Her coach, Ms. Gwen Davis, described her as "a versatile child who was also a member of the District Runner-up volleyball team and is now playing on Pahokee High's softball team."

Another Pahokee athlete, Stafford Everett, was named to the honorable mention list of boy's basketball players. Everett and all-area first-team player Joe Brown were the only returning players from last year's Blue Devil Class AA state championship team, since Coach Rhodes lost eight of ten players. Last year was Brown's first year of playing on the school basketball team.

The year the Blue Devils were eliminated in the second round of playoffs. However, with a new team and seven out of ten players still participating in football, which "didn't give us much time to buckle down and get to the fundamentals," Coach Rhodes admitted, "I really didn't think we would go that far."

on all problems-of life. If you are confused about your marriage, love life, illness, money matters, family problems or loss of nature, look no further."

The flyers also claimed to lift people out of sorrows and darkness and start them on their way to success and happiness as well as offering luck in numbers or lottery.

Anyone having information about Rev. Louis or other "Gypsy style" fortune tellers are being urged to contact Boxold at the Palm Beach County Glades Office Building or by calling him at 996-4141.

Fortune tellers sought

BELLE GLADE—Glades residents who feel they've been ripped off recently by fortune tellers are being urged to contact the Glades sub-station of the Palm Beach County Sheriff's Office, according to Detective Robert Boxold.

"There was one in particular, a Rev. Louis," Boxold said, "who dropped out of sight during the first three weeks of February when we feel left people 'holding the bag'."

Boxold said Rev. Louis distributed flyers throughout the Glades offering, "never failing advice (sic)

Many records broken by Raider roundballers

BELLE GLADE—A fistful of individual and team records were set this season as the Glades Central basketball team racked up their best season ever, with 18 wins and eight losses, winning the District 13AAA championship and second place in Suncoast Conference West.

"Taking the season as a whole," Coach Jay Seider said, "I'm pretty pleased. We played in a stronger district this year and won that. We only lost to North Shore in the conference and the Suncoast Conference was probably one of the strongest in the state this year. I think North Shore will prove that in Lakeland this weekend (at the state tournament)."

Seider said this was probably the most talented team Glades Central has fielded, with four players scoring in double figures for game averages, providing more depth and doing away with the need to depend on one or two players.

"This was the best offensive team we've ever had," Seider said. "We averaged 81 points per game for 26 games and eight times we've scored 90 or more points. We went over 100 points in four games."

Along with the most offensive description, Seider said the Raiders this year were the best shooters, hitting 51 per cent from the field, and the best rebounders, picking off 44.5 per game.

Meanwhile, he said he was also pleased with the defensive effort. The team gave up a total of 72.8 points per game. "We were in every game," he said. "We were never blown off the court."

Seider said the Raiders made their accomplishments in what he thought was a more competitive than usual season. He said five teams the Raiders played this year, of the total 13 teams on the schedule, were ranked in the top 10 in the state at some point during the year. The Raiders lost to two of those teams.

Seider also noted that of the eight losses the Raiders suffered, four of those were against teams played before Christmas. He said the turnaround in performance came when the players made up their minds to play as a more closely cooperating group, putting the team average of individual performances and records.

Seider said he is "kinda looking forward" to next year, which he believes will be more of a challenge than this year. Two of this year's players, Todd Darville and Arthur Slater, will be returning to form a nucleus for other players he will have to recruit next season.

"Slater will probably be one of the top players in the county," Seider said, "and Todd had real good leaping ability and he's a good rebounder. He has to work on his offense a little and if he improves that, he'll be a pretty complete player."

"We won't be as big next year," Seider went on, "so we'll have to be a more disciplined ball club. Quickness should be about the same. Speed was one of the key factors this year and we tried to run as much as possible but we were disciplined enough to win a couple of games when we had to slow it down."

Mention the 1977-78 Raider basketball season for some time to come and Jessie Haynes will have to come to mind. Haynes set school records for the most points scored in a single game (46 against Atlantic), free throws completed in one game (20), also against Atlantic, highest field goal completion average (51.3 per cent), highest average of points scored per game (one season (29) one of the highest in the conference and country, most

points in his career (1,220) and the highest average per game for his career (23.4 for 52 games in two years)...a total of six school records.

And if all that weren't enough, Haynes also compiled one of the best rebound and free throw records for the season. He's averaged 7.8 rebounds per game and has sunk 79.3 per cent of his free throws.

"Jessie has done an outstanding job for us," Seider said, "both offensively and defensively. He made first team All Conference and first team All Area and that makes him a strong contender for All State. He's being considered by several junior colleges and that's where he'll probably go."

Arthur Slater, Seider's best prospect for a team core next year, also was named to the first string All Conference team. Slater probably has the most ability of anyone on the team," Seider said. "He was the second highest scorer, hitting 13.1 points per game and he was leading rebounder, taking 12.2 rebounds per game."

Seider said Slater hit 48.2 per cent of his field goals and is the team's leading free throw artist, hitting on 78.3 per cent of his attempts, enough for a school record.

"He had an outstanding year for us," Seider said, "and if he puts

his mind to it, he could be the best player next year. He can play inside and outside or anywhere on the court."

Rufus Chambers was an honorable mention All Conference player this year and Seider said he "did a real good job for us. I think 'he'll do well in junior college. He has a nice shooting touch. He hit 51.7 per cent of his field goals and 76 per cent of his free throws."

Seider said Chambers averaged 10.6 points per game and 7.3 rebounds per game, good enough for third best on the team in each category.

Seider said Melvin Weston was like an unsung hero for the Raiders. "He did a great job for us. He never complained. He had the best attitude on the team and he was one of the best workers." He was also the team thief.

Weston was the second best shooter on the team, hitting an average of 10.1 points per game and snagging 4.1 rebounds per game while shooting 53.7 per cent of his field goal attempts and 65.7 per cent from the free throw line. "He had to really come on to do that," Seider said, "because he started out slow and built his average up quite a bit."

Weston's reputation as an accomplished thief was built in the Jupiter game when he set a school record for nine steals in a single

Gator girls' continue to win

BELLE GLADE—The Glades Day girls' tennis team added two more to their string of victories this week, but lost their first match of the season last Friday.

Tuesday, Feb. 28 they met and defeated John Carroll for the second time this season by a score of 5-2. Beau Wigley, Denise Hooker, and Cheryl Hooker won their singles matches while Beau paired off with Susie Stevens for one double victory and Denise and Monica Hooker won the other doubles match.

But their record was tarnished for the first time Friday when they were defeated 6-1 by Martin County. The sisters' team of Denise and Monica accounted for the lone set victory against a team Coach Ritta Shoefeld described as one of the best in the district.

Monday, the girls defeated Palm Beach Academy 6-1 with Beau, Denise, Monica and Cheryl all winning their singles sets and

Beau and Susie and Cheryl and Shelley Sniffen winning their doubles.

The boy's team was defeated 7-0 by both John Carroll and Martin County and 6-1 by Palm Beach

Academy. The only boy's set win in the Monday match was by Mike Stevens.

Gator golf re-scheduled

BELLE GLADE—The high winds and rain Friday forced the cancellation and re-scheduling of Glades Day's first golf match of the season. The match was re-scheduled for Tuesday and another has been scheduled for Friday with Clewiston in Belle Glade.

Raiders

(Continued from Page 1)
game and Seider said he led the team in steals.

"It was a real pleasure to work with a guy like that," Seider said. "He always did what he was supposed to do. He was a team player and always put the team's interests ahead of his personal accomplishments."

"Michael Staples," Seider said, "was one of the better guards. He was second in assists for the team and he ran the offense pretty well." He averaged 7.2 points per game and 1.8 rebounds with 2.9 assists rounding out his statistics.

Joe Byrd's strong suit was defense, according to Seider, and he was one of the best hustlers on the team. He was the leader in assists, making 2.9 per game for the season, along with 3.9 points per game.

David Jones was probably one of the stronger players on the team. He averaged four points per game, "and did a real good job coming off the bench for spot playing."

"Edgar Arnett," Seider said, "did a real good job for us toward the end of the season. He hit three points per game and 1.8 rebounds. He probably had the most knowledge of basketball on the team. He used his head quite a bit and usually managed to place himself in a good position to pick up missed baskets."

Seider said Charlie Perkins was probably one of the quickest players on the team. He hit 2.8 points per game and had an average of one rebound per game.

Todd Darville, the one return player who will start next season with Slater, was one of the best leapers on the team and also had the best academic records on the team.

"He has a 3.5 grade point average," Seider said, "and I don't know how they can keep from naming him to the All Academic Team. He has leadership ability and I look for him to start next year. He should be one of the better rebounders in the county." Darville made 1.8 points per game and 3.5 rebounds.

"Hopefully," Seider went on, a "Successful team this year will create interest for next year. I and the team members appreciate the support we had this year from the students, the faculty and the community."

NOTICE OF ELECTION
Notice is hereby given pursuant to
Chapter 9 of the Code of Ordinances of the
CITY OF PAHOKEE that the annual
general election of this city will be held on
May 2, 1978, between the hours of 7:00
a.m. and 7:00 p.m., at the CITY HALL.
Candidates for city office in this election
may qualify beginning March 3, 1978, but
not later than March 31, 1978, with the City
Clerk.
Any qualified person not now a duly
constituted officer of this city may register
with the City Clerk and 5:00 p.m. on March
3, 1978, at which time the registration will
be closed for this election.
BETTY J. MCCOY
City Clerk
EO 78-15
March 2, 9, 1978

Public Notice

NOTICE OF INTENTION TO REGISTER

FICTITIOUS NAME
The undersigned does hereby certify that
he is conducting a grocery business at 409
N.W. Ave. 1, Belle Glade, Florida, under
the fictitious name of DAN'S GROCERY
and that said firm is composed of the following
persons whose names and places of resi-
dence are as follows:

Allen F. Adams
Laura Davis Adams
150 N.W. 3rd Street
Belle Glade, Fla. 33430
Ownership of DAN'S GROCERY is as fol-
lows:
Allen F. Adams - 50%
Laura Davis Adams - 50%

It is my intention to apply to the Clerk of
the Circuit Court in and for Palm Beach
County, Florida to register the said name of
DAN'S GROCERY under the provisions of
Chapter 209.35 laws of Florida, Acts of
1941.

ALLEN F. ADAMS
LAURA ADAMS

BGH 78-24
Feb. 9, 16, 23, March 3, 1978

LEGAL NOTICE
The Belle Glade City Commission will
consider adoption of a proposed Municipal
Ordinance the title of which is as follows:
An Ordinance of the City of Belle Glade, Florida, relating to
the Annexation of Real Property located in
Palm Beach County, Florida, providing for
the Annexation of said property; and
repealing an Ordinance of the National Guard
Armed Property - State Road 801.
Said Ordinance will be considered for
second and final reading at the meeting of
the City Commission to be held in the City
Hall, Belle Glade Municipal Complex, Belle
Glade, Palm Beach County, Florida, at 8:00
p.m., on the 27th day of March, 1978.
All interested persons may appear at said
meeting and be heard with respect to said
proposed Ordinance, a copy of which is in
the office of the City Clerk at the Belle
Glade City Hall, Belle Glade Municipal
Complex, Belle Glade, Florida.
